(BY DIRECT WIRE TO THE TIMES.)
SACRAMENTO, Jan. 12.—[Exclusive
Dispatch.] A State flag for Cali-
fornia commemorating the abortive
attempts to establish a republic is pro-
posed in a bill introduced by Senator
Holohan of Watsonville today. It is
the first time there has been an ef-
fort made for a State emblem, but this
time, with a progressive majority, Sen-
ator Holohan thinks the measure will
pass as he has prepared it.

The Holohan measure adopts the old
bear flag of the revolution of 1848, re-
quiring it to be one and one-half times
as long as it is wide, upper five-sixths
white and the lower one-sixth red and
add in the white field a red star and
a brown cinnamon bear.

"Many other States have their flags,"
said Holohan, "and California has more
than one participated with other
States where the absence of a State
emblem was embarrassing."

Senator Holohan has proposed an
investigation of the text-books used in
high schools of the State and his res-
olution calling for a special committee
of five will be the special order to- mor-

row morning. Explaining his resolu-
tion, Holohan declared that the
changes in text-books in the high
schools of different counties was onerous
on the parents of the pupils and that
the lack of uniformity is deplorable.

FOR FREE TEXT-BOOKS.
"If the State Board of Education,"
said he, "can recommend twelve text-
books on one subject it can recommend
one."

The resolution proposed a constitu-
tional amendment by which text-books
will be given free to pupils and it also
empowers the special committee with
all legal process to make an investiga-
tion.

Senator Holohan says he is not
starting a graft investigation, though
he believes the book companies have
been the sole beneficiaries of the pres-
ent conditions.

Senator Wolfe said he favored the
reformation of the text-book system,
but would oppose free books.

Senator Avey has introduced two
measures at the request of the State
Board of Health. One amends the
medical law so that no one may prac-
tice medicine or surgery or other form
of relief of illness or affliction without
having at the time "a valid, unrevoked
license."

The second bill increases the punish-
ment for practicing without such a
license by adding imprisonment for one
year and making both fine and im-
prisonment the penalty.

TO INCREASE U.S.C. BOARD.
Senator Avey has introduced four
measures which are intended to en-
able the University of Southern Cali-
fornia to increase its Board of Trust-
ees from twenty-one members to
thirty.

Senator Lewis introduced a constitu-
tional amendment which proposes that
the word "material" be stricken out
of the organized law in the section re-
lating to mechanics' liens. A new
mechanics lien law has been intro-
duced and Lewis says there is a lobby
of material men backing it up so that
they will become a privileged class
by its special protection. Lewis is a
contractor and material man at Stock-
ton, and declares the material lien law
vicious.

Lewis also introduced a law requir-
ing all minors arrested in any county
to be taken first before the Juvenile
Court. He has also introduced a bill
providing for the punishment of any
man who wrongs a minor female. He
says the law now punishes the woman
but the man escapes.

Senator Gatta has introduced two
bills for amendment to the Civil Code
which relate to the law of evidence.

RENO IS BURIED IN DEEP SNOW.

Worst in Twenty-
one Years.

Railroad Trains Tied Up in
Drifts Thirty Feet Deep.
Plows Helpless.

One Man Frozen to Death in
Montana Where Blizzard
is Raging.

California Mountains Gather-
ing Moisture for Next
Summer.

(BY DIRECT WIRE TO THE TIMES.)

RENO (Nev.), Jan. 12.—[Exclusive
Dispatch.] After a continuous snow
for twenty-four hours this city is
facing the worst storm in twenty-one
years. The street car service is tied
up through lack of power.

The fall of snow is over thirty inches
and all trains on the Southern Pacific
Railroad are tied up through heavy
snowdrifts in the mountains near
Truckee. Trains Nos. 8 and 10 are held
at Emigrant Camp, while west-bound
Nos. 9 and 5 are still held at Truckee
waiting for the snow plow to tunnel
its way through the immense drifts
that are constantly piling up under the
wind which is rapidly increasing in
velocity.

The snow at Truckee is reported
continuing and in places it is drifted
thirty feet deep with from eight to
fifteen feet on the level. Train No. 23
from the East crawled into Sparks to-
night at 9 o'clock and under orders
tied up there and is due to remain in
the railroad city for at least twelve
hours, until thaw clears away the snow
on the mountains slopes to the west.

Director Alps of the Weather Bureau
reported the maximum temperature for
yesterday 26 with 30 as the lowest.

Only two wires are working out of
Reno to Salt Lake and Denver, over
the Postal company and messages are
being sent over a southern route from
these points.

The crests of the Reno Dam and the
dam at Verdi have been carried away.
Eighteen feet of the latter has been
carried away.

Two freight trains are stalled in the
snow below Truckee with slides at
either end and the rotary snow plow
sent out to cut the trains free from
their predicament has been ditched and
is stretched across the track helpless.

The flange plows to the west are un-
able to clear the track. Great fear is
expressed for the safety of the crews
Tunnel No. 8 on the Southern Pacific
is reported to have caved in.

THIRTY- EIGHT BELOW
IN MONTANA BLIZZARD.

(BY DIRECT WIRE TO THE TIMES.)
HELENA (Mont.), Jan. 12.—[Exclusive
Dispatch.] With the thermometer
ranging from 29 to 38 degrees below
zero at practically all points in the
State east of the Rocky Mountains,
Montana is tonight still enveloped in
throes of what virtually amounts to a
blizzard.

The snow has ceased falling and the
wind has slackened, but outdoor con-
ditions are anything but inviting.

Train service continues to be de-
moralized and all trains are hours and
hours behind. Because of severe snow
slides in the Flathead country, the
Great Northern is obliged to route its
trains between here and Spokane over
the lines of the Northern Pacific.

A report received here today tells
of the death on the prairie near Culbert-
son of Emil Skeln, a young home-
steader aged 39, who had been mar-
ried only three months. Another man
badly frozen, was taken from a train
at Lombard tonight and may succumb.
He is penniless.

Cattlemen report no losses, however,
and sheepmen are feeding regularly.

TWO INCHES OF RAIN
IN FORTY-EIGHT HOURS.

(ASSOCIATED PRESS NIGHT REPORT.)
CHICO, Jan. 12.—Two inches of rain
fell during the forty-eight hours end-
ing at 5 o'clock tonight. The storm
still continues.

At Stirling City twenty-six inches
of snow fell.

Dunsun reports two feet on the
level but the fall of snow ceased no
further south along the railroad than
Kennett. No trains have been blocked
by the storm.

SANTA CLARA VALLEY
IS WELL DRENCHED.

(ASSOCIATED PRESS NIGHT REPORT.)
SAN JOSE, Jan. 12.—This valley was
drenched last night and today, the
corrected government records showing
a fall for the twenty-four hours end-
ing at 5 o'clock, this morning of 1.40,
for the season 2.96.

The foothill section about Los Gatos
has received double the amount.

Rain has continued throughout the
day and it is still coming down to-
night.

DAMAGE SLIGHT BUT
STORM IS SEVERE.

(ASSOCIATED PRESS NIGHT REPORT.)
SAN FRANCISCO, Jan. 12.—Despite
a boisterous gale and heavy downpour
only slight damage was reported to-
day as a result of the storm. Vessels
lying in during the day avoided the
furling surf breaking over the bar
by taking the north passage. Points

Weds Step-brother Whom
She Jilted.

(BY DIRECT WIRE TO THE TIMES.)
ST. LOUIS, Jan. 12.—[Exclusive
Dispatch.] Theresa O.
Cook, 16 years old, went to the
matrimonial altar a second
time today, her bridegroom be-
ing her step-brother, Harry R.
Neudorffer. Neudorffer's father
married Theresa's mother
two years ago. Through to-
day's marriage the bride's step-
father becomes her father-in-
law and her own mother be-
comes her step-mother-in-law.
Neudorffer loses a step-mother
and acquires a mother-in-law.
Theresa was married when she
was 13 years old, her first hus-
band being Elijah Hopper. In
marrying Hopper she jilted
Neudorffer. Mrs. Cook followed
her daughter, catching them
just after the ceremony was
performed. She insisted that
the elopers separate at once
and won her point.

WATER-ROUTED FRUIT ARRIVES.

SMALL PER CENT.

Citrus Sent From Los Angeles
Harbor to New York Via Panama
Arrives After Being Out Twenty-
seven Days—Shippers Pleased
With Initial Results and Low Cost.

(BY DIRECT WIRE TO THE TIMES.)

SAN BERNARDINO (Cal.), Jan. 12.—
[Exclusive Dispatch.] The first car
of oranges ever shipped by water from
California to New York arrived there
safely today, according to a telegram
received by E. Van Leven, man-
ager of the San Bernardino Fruit Ex-
change.

The shipment was made last month
as a test, shippers believing the re-
ported saving by water justified an ex-
periment. The dispatch announced the
success of the venture, only 7 per cent.
of the oranges decaying and 5 per
cent. of the lemons.

Experienced shippers
declare this is a remarkable achieve-
ment considering the crude methods em-
ployed.

The consignment was delayed for
several days after leaving the Los An-
geles harbor front for the isthmus and
again in crossing the isthmus, the govern-
ment blocking the railroad with
heavy canal commissions.

From Colon to New York the fruit
was buried in the hold of a vessel de-
void of ventilation.

It is believed with proper facilities
the ocean shipment will prove cheaper
and shippers are arranging for further
water consignments.

The initial shipment, which arrived
in New York today, consisted of a car
each of lemons and oranges. It left
Los Angeles on the steamers Olsen and
Mahoney of the California Atlantic
Steamship Company, Saturday, De-
cember 17, being only twenty-seven
days en route, notwithstanding delays.

EDDY DISCIPLE ENDS LIFE.

Butte Christian Scientist Leader, De-
spising, Takes Poison Rather Than
Face Husband.

(BY DIRECT WIRE TO THE TIMES.)
BUTTE (Mont.), Jan. 12.—[Exclusive
Dispatch.] Mrs. Nellie G. R. Elmer,
first reader of the Christian Church
Scientist of this city and well-known
purveyor of quantity of starch,
following a vain attempt to secure a
loan from a bank to make good sev-
eral hundred dollars of savings which
her husband had promised the trustees
of the church to loan to them as part
of a fund with which to construct an
edifice.

Apparently rather than confess to her
husband that she had gone through
with the money, Mrs. Elmer
purchased a quantity of starch,
repacked to a cheap hotel where she
repacked a room, swallowed sufficient
of the poison to kill twenty men and
lay down upon the bed and died.

All of last night and for hours to-
day the frantic husband, aided by di-
rectors of the church, friends, police
and sheriff's officers, searched the city
for Mrs. Elmer, in fear that she had
met foul play or injury. A chamber-
maid today quite by accident found
the body.

(BY DIRECT WIRE TO THE TIMES.)

ST. PETERSBURG, Jan. 12.—[Exclusive
Dispatch.] Though the fact has
been kept secret, it is learned on the
highest authority that the Charina is
again critically ill and all court fetes
have been postponed.

The improvement noticeable after she
took the cure at Bad Nauheim was
followed by a serious relapse, partial
paralysis attacked the Charina's feet
and is extending to her legs and arms.
The doctors cannot give any reason for
her condition except nervous strain
nor can they suggest any treatment.

DENVER, Jan. 12.—Gov. Haddock

NEW HAMPSHIRE LAW NULLIFIES MRS. EDDY'S BEQUEST TO CHURCH.

Eminent Lawyers Concur in Detailed Opinion Outlining
Positive Construction of Statute Which Prohibits Elec-
tuary Gifts of More Than \$5000 Yearly—Attorneys
Would Enjoin Disposition of Property.

(ASSOCIATED PRESS NIGHT REPORT.)

CONCORD (N. H.), Jan. 12.—The
residuary clause in the will of Mrs.
Mary Baker Eddy, founder of the
Christian Science church is null and
void, in the opinion of former United
States Senator William E. Chandler,
Hannis Taylor, Professor of Constitu-
tional and International Law at George
Washington University, and others,
according to a statement given out for
publication.

The clause in question provides for
a gift of \$2,000,000 to the First Church
of Christ Scientist of Boston, known
as the "Mother Church."

PROHIBITIVE STATUTE.
A statute of New Hampshire, pro-
hibiting a bequest to a church of more
than \$5000 annually and one of Mas-
sachusetts forbidding more than \$2000
annually are the basis of the opinion,
which was written by Prof. Taylor,
formerly Minister to Spain. Accord-
ing to the residuary clause as "null
and void," the opinion says:

"As to the void gift, the testatrix
died intestate and its subject matter
passed on her death to her next of
kin, under the New Hampshire statute
of distribution.

In the closing paragraph of the opinion
advises the attorneys for the next of
kin that such agreements under con-
tracts, as they made with the testatrix
and her trustees in her life time, bind
them only to recognize as valid such
provisions of her last will as are legal-
ly valid."

Besides Mr. Chandler and Prof. Tay-
lor, the signers of the opinion are At-
torneys John W. Kelley of Portsmouth
and De Witt C. Howe of Concord, who
were associated with Mr. Chandler as
counsel for the "next friends" and Wil-
liam L. Chambers, a lawyer of Wash-
ington.

ARK FOR COURT OPINION.
Later today a petition was filed in
the superior court here today by Mr.
Chandler and other attorneys, asking
for the propagation of any form of re-
ligious belief that the statutes of New
Hampshire and Massachusetts designed
to make impossible.

CLAUSE IS NULL AND VOID.
Therefore, the prohibitions of these
statutes fix the stamp of nullity upon
the residuary clause.

"First, because the testatrix was for-
bidden expressly to make such gift.
"Second, because the statute was for-
bidden expressly to receive such gifts.
The legal result inevitably is that the
residuary clause of the bequest is null
and void.

There will be no claims made that
the heirs at law of the testatrix ever
saw her will, or a copy of it, prior to
her death. Neither her heirs nor their
representatives were informed as to
the contents prior to this time.

"If they had been informed, it would
have been impossible for them to leg-
ally any right act upon her part by con-
tract in any form. An heir at law can-
not authorize his ancestor, by any form
of contract, to make such a will as the
law of the domicile decides."

ST. LOUIS, Jan. 12.—[Exclusive Dispatch.] Charlotte Vincent, third wife of Millionaire Charles R. Drummond of St. Louis, who pleaded guilty recently to committing bigamy by marrying her, after which he was fined \$500 and sentenced to six months in jail by Circuit Judge Wurdeman of St. Louis county, is in a physician's care at her parents' home here and is denied to all visitors, her mother said today.

Judge Wurdeman issued a statement today answering criticisms of his parole of Drummond, which he revoked after Drummond was reported to have left St. Louis for New York in company with Miss Agnes McClanahan, to whom he had been paying attention, it was stated by persons who roomed here. Judge Wurdeman is quoted as saying Charles R. Drummond should be taken into custody and cared for by his friends.

"The Drummond case was not one in which the offense was against the State and society, a large proportion of the crime committed by persons who begin their orgies in St. Louis rathskellers and then go joy-riding in St. Louis county,"

A telegram was received here today from New York police department asking for a photograph of Drummond to identify him for arrest.

The disappearance of Miss Agnes McClanahan from her boarding place at No. 407 E. Shenandoah avenue, St. Louis, caused her father, John McClanahan, to come here from his home in Eureka Springs, Ark., to investigate a report that she left this city in company with an army officer.

Evidence of the "northern" spirit was found yesterday when Assemblyman Crosby introduced a bill appropriating \$25,000 for an army in the case of New Orleans versus St. Louis. This is the total amount asked for by St. Louis.

San Francisco, a bill introduced by Assemblyman Slater today seeks \$25,000 for an army, and Fresno asks \$25,000 in another.

Drummond wooed Miss McClanahan, 23 years old, a brunette, was stenographer for Louis Kaster, president of the H. W. Kaster & Sons Advertising Co. She has lived at the home of Mrs. M. Elliott, No. 407 E. Shenandoah avenue, St. Louis, since her parents moved here from Eureka Springs, Ark., early in 1910. Her father is freight auditor for the Missouri and North Arkansas Railroad.

Drummond wooed Miss McClanahan as he wooed other girls, it is said, with diamonds. The largest of those he gave her was set in a ring and was worth several hundred dollars.

The acquaintance of the rich young man and the stenographer began about six months ago. At that time Drummond was, as he still is, the husband of the former Miss Charlotte Bente, daughter of a Lutheran minister.

PROTECTION FOR FRUIT OF STATE.

Revision of the Horticultural Laws Expected.

More Money and More Deputies Provided in Bill.

Special Legislation Against Mexican Orange Fly.

LET DIRECT WIRE TO THE TIMES.
SACRAMENTO, Jan. 12.—[Exclusive Dispatch.] A revision of the horticultural laws will be one of the important measures before the Legislature at this session.

The revision is expected to be ready for presentation some time next week and is to make more effective quarantine regulations against the Mexican orange fly and the Queensland fruit fly, whose devastations in the citrus and apple districts have been heavy.

It is also the purpose to improve the administration of the law by an increase in the number of W. J. Jeffery, Horticultural Commissioner, and the appropriation of \$50,000 that has been available will be doubled in the bill.

The suggestions for the law, coming from the Claremont, Watsonville and Sacramento valley regions and those submitted to the State Fruit Growers' Association at Stockton last month, are now in the hands of Marshall Demotte of Corning, Tehama county, for a final draft. His measure will be reported to the Legislature by which the State association named and which will meet here on call of Demotte, its chairman.

The suggestions of the Claremont Farmers' Association were communicated to Senator Thompson through a committee composed of Prof. J. C. Cook of Claremont, C. C. Chapman of Fullerton and James Mills of Riverdale, and he turned them over to Demotte.

Senator Thompson is expected to have charge of the measure in the upper branch.

The invasion of the Mexican fly (Trypeta Ludens) has not wrought great harm so far, but its elimination is necessary to the protection of the industry that brings 100,000,000 to California annually.

NORTH NIGHTS ARMORY.

Indications Point to Serious Opposition to Los Angeles Pet Military Project.

LET DIRECT WIRE TO THE TIMES.
SACRAMENTO, Jan. 12.—[Exclusive Dispatch.] The effort to have the appropriation for a National Guard armory at Agricultural Park, Los Angeles, increased from \$100,000 to \$250,000, is being met with tactics by northern cities that are not looking on as entirely friendly to the southern project.

Not only this, but they are understood to mean that the northern military project is not looking on as entirely friendly to the southern project.

Great Kidney Remedy Cured.

Two years ago I was very sick and after being treated by several of the best physicians in Clinton, I did not seem to get any better. I was convinced by the doctor, Dr. Kilmer's Swamp-Root, advertised, I resolved to give it a trial. After using it for three weeks, I found I was gaining nicely, so I continued until I had taken a number of bottles. I am now restored to health and have continued my labors in the city of Clinton, Mo., full of vigor. I am sixty years old.

Yours very truly,
W. C. COOK,

which were prepared by Judge Charles Monroe of Los Angeles Superior Court. One provides that a divorce suit may not be brought unless the plaintiff has been a resident of the county for at least three months, and if the cause of action arose out of the state before the plaintiff became a resident, then a divorce cannot be granted until the plaintiff has been resident for five years, and not at all if the action alleged was not a ground for divorce in the state where it arose.

Another divorce law amendment proposed by him provides that the aggressor in a family row resulting in separation commits desertion whether the aggressor leaves the home or not. STATE PRODUCES MOST CRUDE OIL

California Easily Leads Competitors.

Nearly Half Nation's Supply Found in Region.

Official Statistics Confirm Men's Opinions.

LET DIRECT WIRE TO THE TIMES.
SAN FRANCISCO, Jan. 12.—[Exclusive Dispatch.] The California oil-producing states leads all others at the present time in yielding more than forty per cent. of all the oil found in the United States, is the list of oil men who have made an oil study of the nature of the whole country for 1910, gathered by the United States Geological Survey.

Frederick G. Cox, secretary of the G. Johnson Company of this city, has concluded an analysis of the government report and he declares the survey shows that California is producing nearly one-half of the nation's oil.

Cox says: "I think California's production for 1910 will be about 15,000,000 barrels, while the entire country is about 19,000,000. From these figures I have drawn no deductions."

The Geological Survey's volume "Mineral Resources of the United States," says: "California, as was expected, took first place in petroleum production in 1909 changing places with Oklahoma."

California's product in 1909 was about 4,500,000 barrels more than any other State has ever produced in a year. Should California show a further proportionate increase in 1910, her total will be more than double the highest yield of Pennsylvania."

TEST EXTRADITION LAWS.
Divorcee at Reno Fighting Against Return to Ohio to Face Charge of Child Desertion.

LET DIRECT WIRE TO THE TIMES.
RENO, Jan. 12.—[Exclusive Dispatch.] Gov. Odell yesterday signed extradition papers surrendering Albert Lewis to the police of Cincinnati, O., where he is wanted on a charge of deserting a minor child. Lewis was allowed to remain at liberty on \$250 cash bond until Judge Davis shall have passed on the case.

Pat McCarran, Lewis's attorney in the extradition proceedings, said before Judge Moran in the District Court today that he would ask the court to stay the operation of the extradition proceedings. Failing in the District Court, Attorney McCarran will make application in the Supreme Court of Nevada.

Although Lewis is said to be possessed of very little ready money, he is fighting against the return to his native State for trial on the indictment by the Hamilton county grand jury, which is a case memorable in the annals of this State.

More than one person in the local diplomatic is anxious about the outcome of the case. They think that Lewis ultimately be taken out of Nevada, where he has already acquired a reputation for being a trouble maker against whom divorce actions are pending in some States and securing indictments.

PEARLING VESSELS WRECKED.

Heavy Loss of Life Reported From Western Australia Coast in Recent Storm—Looters Strip Craft.

(BY DIRECT WIRE TO THE TIMES.)

VICTORIA (B. C.), Jan. 11.—Sixty-seven pearling vessels were wrecked and forty lives lost as a result of a hurricane off Western Australia early in December, according to advices brought by the steamer Makura last night.

At the time of the disaster, luggers and other pearling boats were making for Broome. Seventy sought shelter, but many were dismasted or driven ashore. Twenty-six vessels sank. Other luggers are unaccounted for. Looters soon busied themselves stealing the pearl of the wrecked luggers, cases being chopped open and pearl carted away. The pearlers' loss was very heavy, the homeward-bound

A CONDITION THAT CALLS FOR A GOOD TONIC

An Oklahoma Woman Tells How She Was Cured of a Debility That Baffled the Doctors.

General debility is generally due to impure blood. Its causes are worry, overwork, failure of the body to repair its health after a severe sickness, lack of nourishment from a disordered digestion, or some drain upon the system, all of which result in thinning the blood, preventing it from carrying health and nourishment to the tissues of the body.

There is no more perplexing trouble than debility cases in which there is no acute disease but in which the patient sinks lower and lower despite changes of medicine and similar experiments.

That Dr. Williams' Pink Pills will restore health under these conditions is no speculation but the fact has been proved in hundreds of cases similar to that of Mrs. E. B. Bailey, of No. 819 South Hudson street, Oklahoma City, Okla. She says:

"Several months ago I was in a general run-down condition as the result of a severe fall. The muscles of my back seemed to be weak and there were dull pains through them. I had severe headaches and was very nervous. I kept losing flesh and was unable to get any refreshing sleep. Although I was up and about the house, I was not able to do much work.

"The doctors advised the use of liniments but these gave me only temporary relief. As I failed to get strong under their treatment I decided to try Dr. Williams' Pink Pills. I could see benefit in a short time and used the pills until cured. I have been well and have had no trouble with my back since, so Dr. Williams' Pink Pills must surely have cured me."

Dr. Williams' Pink Pills are guaranteed to be safe and harmless to the most delicate constitution. They do not act on the bowels but they actually make new blood and strengthen the nerves. If you want good health you must have good blood.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 60 cents per box; six boxes for \$3.00, by mail, Dr. Williams' Medicine Company, Schenectady, N. Y. A booklet, "Diseases of the Blood," will be sent free upon request.

Reys reported a maximum wind velocity of forty-six miles an hour.

In this city more than an inch of rain fell for the past twenty-four hours and the snowfall in Sacramento to Valley points reported about the same amount on the average. From farther inland came reports of the first heavy snow fall of the season. Both the Southern and Western Pacific offices were notified of difficulty in the mountain passes to the east. Trains are delayed, however, only a few hours near Truckee and in the Feather River canon.

One inconvenience to the public resulting from the storm will be in the delay in transmitting telegrams until the wires can be repaired where they are down.

Reps is almost entirely cut off by wire to the East and West. Wire trouble is general in the mountain regions.

HEAVY SNOW IN THE NORTH PART OF STATE.

(ASSOCIATED PRESS NIGHT REPORT.)

REDDING, Jan. 12.—A snow storm, which is general throughout Shasta, Trinity and Siskiyou counties, broke about noon and still continues. There has been a light fall as far south as Red Bluff.

As the law now stands the first installment of taxes are due on the second Monday in October and taxpayers are often prepared to make their payments before the Collector has secured the books from the County Auditor.

Unless the Auditor and Tax Collector work in harmony, the former is in a position to hold back the books on the Collector until the very last day and hence greatly handicap him.

Such cases are infrequent, but each year the Collectors have to rely upon the accommodation of the Auditors in permitting them to have some of the books in advance. The idea is to extend the date upon which the first installment of taxes becomes due.

The proposed change is advocated by the Los Angeles clearinghouse.

California Tax Collectors Discuss Changing Collection Date to Remove Opportunity for Handicap.

(BY DIRECT WIRE TO THE TIMES.)

SACRAMENTO, Jan. 12.—[Exclusive Dispatch.] The annual meeting of the County Tax Collectors' Association of the State of California today was attended by officials from various parts of the State, who have gathered for the purpose of discussing proposed legislation to be submitted to the Legislature.

The association asks for considerable legislation facilitating the collection of taxes, but the most important measure is one changing the date of collection of the taxes.

As the law now stands the first installment of taxes are due on the second Monday in October and taxpayers are often prepared to make their payments before the Collector has secured the books from the County Auditor.

Unless the Auditor and Tax Collector work in harmony, the former is in a position to hold back the books on the Collector until the very last day and hence greatly handicap him.

ICKARD AFTER ANOTHER BOUT.

g Negro's Promise for New Fight Has Been Given.

ocal Pug Would Have to Cut Out Monkeyshines.

BY DIRECT WIRE TO THE TIMES.]

AN FRANCISCO, Jan. 12.—[Exclusive Dispatch.] Tex Rickard, who joined with Jack Gleason, promoted the Johnson-Jeff fight at Reno last night, is contemplating a return battle between the two heavyweights.

He says the promise of Johnson to fight for the point which he expects to secure the consent of Jeffries.

Rickard is not prepared at the present time to make any announcement of plans, but it is understood that the plan is to make the fight well in hand.

He says that if necessary, even to fight on the coast, he will do it.

Opinion is a drawing card, and well with the time of any promoter. He desires to fight tonight.

I would like to put on such a match as Jeffries would agree to certain things, would have to train under orders, and not to suit himself. He would, of all, have to take a long rest in the mountains, and then go into the arena without any monkeyshines.

Under such conditions, I believe Jeffries would put up a good fight, of course, a much better one than did at Reno.

MISS AVIATION CAMP.

Microplanes to Be Set Up at San Diego for Meet on North Island.

Associated Press Night Report.]

AN DIEGO, Jan. 12.—Bringing with it a fifty-horse-power Curtiss biplane, and an eighty-horse-power Curtiss biplane, W. J. Shackelford, who is in charge of the aviation camp at North Island, Colorado.

Within an hour after arrival, Mr. Shackelford visited the site which Mr. Curtiss personally selected for the aviation camp, and his associates, Eugene Ely and Lincoln Beachey, attend.

At a meeting to be held this afternoon, a board of nine selected directors will be taken for the organization of the Aero Club of San Diego.

The organization is formed primarily to promote aero meets to be held in the city in the future, including the annual meet on North Island.

It is proposed to make the organization a permanent social club as well as one for the promotion of aviation.

Organizers anticipate a membership of 1000, with a permanent club building. Directors elected are Col. D. Collier, Fred W. Jackson, A. B. Nichols, J. R. Franklin, B. M. Warner, Walter H. Dupe, F. B. Naylor, S. C. Brown and Frank T. Seagriff. L. G. Brown will act as secretary of the club.

McGovern Beats O'Leary.

NEW YORK, Jan. 12.—[Exclusive Dispatch.] Phil McGovern moved up their pug in the heavyweight boxing class by a slight victory over O'Leary in a ten-round bout at Brooklyn Beach A.C. tonight.

He was stronger and faster than his adversary in the last six sessions, and O'Leary had the better of the first rounds.

Old Officials Chosen.

At the annual meeting Wednesday of the Los Angeles Baseball Club the old officers were re-elected. Henry Berry was made president; C. W. Kennedy, secretary, and R. W. Kelly, treasurer.

The meeting was a very successful one and no particular moment of importance came up. It was probable that a joint meeting will be held this evening with the officers of the Vernon club to consider the building of the new plant at Luna.

Red Sox Training Camp.

In answer to an inquiry it is again stated that the Boston team will not start in this spring at Long Beach, but Redondo Beach. Happy Hogan has made the arrangements ten days for the team to work there. The Red Sox and Vernon teams will play two series of four games a week in March with the Boston team.

Another for Kelly.

CHICAGO, Jan. 12.—Ringo Kelly and Capone have signed articles for a catchweight fight at Milwaukee January 22. Paddy McFarland and Ringo Kelly were scheduled to go six rounds at Philadelphia January 25.

NO AVIATION ON HOOVER FRIDAY.

[Associated Press Night Report.]

SAN FRANCISCO, Jan. 12.—Rains of the past two days have so mired the aviation grounds, rendering ascent by the bird-men both difficult and hazardous, that the Aviation Committee announced late today that there would be no further attempts to fly before Saturday.

Tomorrow is Friday, the 13th, and it is understood several of the aviators declared against a continuance of the meet on the "hoodoo" day, even if weather conditions were favorable.

GOOD CARD OFFERED FIGHT BUGS AT VERNON SATURDAY.

MANAGER M'CAREY of the Pacific Athletic Club has provided many fight cards for local bugs in the last three or four years, but it is safe to say that he never offered them a more promising one than that to be dealt tomorrow afternoon at the Vernon arena, when he is to show Danny Webster and Young Rivers in a main event of fifteen rounds as the stellar attraction.

The programme is to consist of three events. There are to be ten rounds between Frankie Harris and Frankie Sullivan, ten between Morrie Bloom and Paul Roman, and fifteen between Webster and Rivers, and while there have been bigger cards there has not been one for months that looks better to the bugs in the way of action. All bugs are naturally judged by past performance, and applying the rule to the six that are to show Saturday, gives the enthusiasts a lot of good dope to figure on in picking probable winners.

All of the boys have been seen here in action before, and all of them with exception has made good on various occasions. The main event is naturally the big attraction, for if Young Rivers can get by Webster he has a good chance to go forward in the ring, for Danny is considered a very good boy. He is not of championship caliber, but any one outside of Abe Attell, and a few of the best near his weight, would know he had been to a battle in a meeting with Webster. In all of his fights he has shown a real bunched of sports but the one that bet on his opponent.

The first bout will probably be staged about 1:30 o'clock.

Outlines Policy.

Baseball practice began in earnest at the University of Southern California yesterday afternoon, when Curtis Bernard, of the Serapha, who has been employed by Manager Bovard, took active charge of the squad.

Bernard started his programme with a short talk to the candidates in which he outlined his policy for the season. He then put them through a short batting and fielding practice in order to get a line on the men who are out for the "varsity" team. After watching the work for a short time he appeared well pleased, and stated that he was confident of turning out a good team with the proper spirit. A baseball coach is a new feature at the university, as the school has never before employed an instructor for that branch of athletics.

The poor success which the Methodist institution has had in baseball during past years has made it evident that something had to be done if the college expected to put a winning team in the field. Bernard has a good knowledge of the game, and the "varsity" ball men were well pleased with the way in which he started the work of the season.

QUAKERS DEFEAT TIGERS.

Last Few Minutes of Play Decide Score in Favor of Whittier—Occidental Tries Hard.

In a fast game of basketball which kept the spectators standing on their feet the most of the time during the forty minutes of play, the Whittier basketball five defeated the Occidental team by the score of 40 to 34.

The closeness of the score indicates but faintly the closeness of the game itself.

From the very first moment of play things went off in lively style. Whittier outplayed the Tigers for the first part of the first half and in the first ten minutes of play they had scored 15 points against the Tigers' 10.

In the last part of the first period the Tigers took a brace and at the whistle the score stood 21 to 12 in favor of the Quakers.

The Presbyterians came back with a lot of "peg," and after the intermission they ran the Whittier team off its feet and it looked like a Tiger victory. Then the Quakers evened the score, and for about ten minutes the game saw-sawed between the two teams. It was a toss up which team would win. But in the last few minutes of play the Whittier aggregation got together and rolled up three baskets, putting them 6 points ahead when the final whistle was blown.

Capt. Hollister played the star game for Occidental. He played all over the field and was in every play. He threw seven baskets and four fouls. For Whittier, big Bill Rensicker was easily the star. He made several difficult baskets, and was in the game all the time. Capt. Sharpless and White of the Whittier team, were also there with the winning brand of ball.

The line-up:

Occidental: Hollister (Capt.) forward Mills, Tabor Kirkpatrick forward Tabor, Rensicker Annin Center Rensicker Bishop Guard Sharpless (Capt.) McKenny Guard Allen

Whittier: Hollister (Capt.) forward Mills, Tabor Kirkpatrick forward Tabor, Rensicker Annin Center Rensicker Bishop Guard Sharpless (Capt.) McKenny Guard Allen

According to the schedule of the Winter League, the Doilies and McCormicks are supposed to play at the Vernon ball grounds today, as the first game of a four-game series, but in consideration of the Vernon arena boxing contests being on for tomorrow there will be no ball until Sunday afternoon, when two games are to be played for one admission. The league did not desire to play today and then lay off tomorrow, so there will be no ball until Sunday.

Continuous Pool.

Maguire and Banks are to play a 500-ball continuous pool match next week for the championship of the State, which is now claimed by Banks, at McCormick's poolroom on South Spring street. There are to be 150 points each on Monday and Wednesday nights and 200 on Friday night.

Very Well Satisfied With First Day's Coaching of Ball Team of U.S.C.

Outlines Policy.

Baseball practice began in earnest at the University of Southern California yesterday afternoon, when Curtis Bernard, of the Serapha, who has been employed by Manager Bovard, took active charge of the squad.

Bernard started his programme with a short talk to the candidates in which he outlined his policy for the season. He then put them through a short batting and fielding practice in order to get a line on the men who are out for the "varsity" team. After watching the work for a short time he appeared well pleased, and stated that he was confident of turning out a good team with the proper spirit. A baseball coach is a new feature at the university, as the school has never before employed an instructor for that branch of athletics.

The poor success which the Methodist institution has had in baseball during past years has made it evident that something had to be done if the college expected to put a winning team in the field. Bernard has a good knowledge of the game, and the "varsity" ball men were well pleased with the way in which he started the work of the season.

QUAKERS DEFEAT TIGERS.

Last Few Minutes of Play Decide Score in Favor of Whittier—Occidental Tries Hard.

In a fast game of basketball which kept the spectators standing on their feet the most of the time during the forty minutes of play, the Whittier basketball five defeated the Occidental team by the score of 40 to 34.

The closeness of the score indicates but faintly the closeness of the game itself.

From the very first moment of play things went off in lively style. Whittier outplayed the Tigers for the first part of the first half and in the first ten minutes of play they had scored 15 points against the Tigers' 10.

In the last part of the first period the Tigers took a brace and at the whistle the score stood 21 to 12 in favor of the Quakers.

The Presbyterians came back with a lot of "peg," and after the intermission they ran the Whittier team off its feet and it looked like a Tiger victory. Then the Quakers evened the score, and for about ten minutes the game saw-sawed between the two teams. It was a toss up which team would win. But in the last few minutes of play the Whittier aggregation got together and rolled up three baskets, putting them 6 points ahead when the final whistle was blown.

Capt. Hollister played the star game for Occidental. He played all over the field and was in every play. He threw seven baskets and four fouls. For Whittier, big Bill Rensicker was easily the star. He made several difficult baskets, and was in the game all the time. Capt. Sharpless and White of the Whittier team, were also there with the winning brand of ball.

The line-up:

Occidental: Hollister (Capt.) forward Mills, Tabor Kirkpatrick forward Tabor, Rensicker Annin Center Rensicker Bishop Guard Sharpless (Capt.) McKenny Guard Allen

Whittier: Hollister (Capt.) forward Mills, Tabor Kirkpatrick forward Tabor, Rensicker Annin Center Rensicker Bishop Guard Sharpless (Capt.) McKenny Guard Allen

Timer: Patterson.

No Baseball Today.

According to the schedule of the Winter League, the Doilies and McCormicks are supposed to play at the Vernon ball grounds today, as the first game of a four-game series, but in consideration of the Vernon arena boxing contests being on for tomorrow there will be no ball until Sunday afternoon, when two games are to be played for one admission. The league did not desire to play today and then lay off tomorrow, so there will be no ball until Sunday.

Continuous Pool.

Maguire and Banks are to play a 500-ball continuous pool match next week for the championship of the State, which is now claimed by Banks, at McCormick's poolroom on South Spring street. There are to be 150 points each on Monday and Wednesday nights and 200 on Friday night.

LONG ESTABLISHED BROADWAY STORE CLOSED

Closed Friday Making Tremendous Preparations for the Most Gigantic Shoe Sale Ever Held in the City

Every man and woman in Los Angeles knows the standing and reputation of A. J. Hamilton & Sons. Every shoe-buyer in the city knows that not a piece of Footwear has ever left our store that was not in every particular first-class, that was made of anything less than thoroughly dependable material, that was manufactured with anything less than the utmost care and complete attention to every detail, that represented anything less than the latest and best in Shoe Fashions.

Far beyond all possible expectation will be the savings on Men's, Women's and Children's Shoes. The goods included in the sale come from the best manufacturers. Note these makers of Women's Shoes: Laird's, Wright & Peters, Gray Bros., Selby Shoe Co. and Charles K. Fox. Here are the names of some of the manufacturers of Men's Shoes included: William Kneeland, Stacey-Adams, Leonard & Barrows, Stetson, Strong & Garfield, J. E. Tilt.

ANTI-GAMBLING CRUSADE MAY TAP ARMOUR MILLIONS HEAVILY.

Chicago League, Which Assails James A. Patten, the Wheat King, Plans to Require Contribution of Four and One-half Millions From Meat Baron by Appeal to the Courts—Building Owners Liable for Sum.

[BY DIRECT WIRE TO THE TIMES.]
CHICAGO, Jan. 12.—[Exclusive Dispatch.] Not content with annoying James A. Patten, the retired cotton and grain broker, with a request for \$5,000,000 the Chicago Anti-Gambling League also announces that it will sue to J. Ogden Armour through the courts, that he open his wallet for \$4,000,000.
And if the trifling total of \$10,000,000 from the two is not forthcoming after judgment is secured, the owners of the Board of Trade building will be asked to put the sum in the plate as it passes.

COUNSEL OUTLINE PLANS.
Announcement of the latest plans were made yesterday by Attorney Lyman W. Rogers, who, with Robert H. Mils, is counsel for the anti-gambling league. The attorneys began the legal steps for making the collection in Patten's case Tuesday, and will follow with the Armour suit this week, it was stated.
The ground on which the owners of the building where trades are made, are to be held responsible for losses there, is contained in chapter thirty-two, paragraph 12, page 778 of the Criminal Code which provides in part: "If any person shall rent or lease to another any building or premises to be used for gambling, or in whole or in part, as a common gaming house, or

Entire Estate of Late Mary Rhinelander King, Estimated at \$1,500,000, Will Go to Charity and Religion.
[ASSOCIATED PRESS NIGHT REPORT.]
NEW YORK, Jan. 12.—Virtually the entire \$1,500,000 estate of the late Mary Rhinelander King is devised to various churches and charities by the terms of the will, filed for probate yesterday in Minerva, L. I.
After several bequests of \$10,000 or under, to churches and religious institutions in this vicinity, the will provides for a fund of \$20,000 for the domestic and foreign missionary society of the Protestant Episcopal Church; a fund of \$10,000 for the theological seminary of the church; a fund of \$10,000 to the missionary society for work among the negroes of this country; \$10,000 to the Episcopal Bishop of Alaska for his work there, and \$3000 to the Bishop of Oklahoma.
The residue of the estate goes to the missionary society.

Chivington Re-elected President of American Association, With Bill Armour Second in Command.

[ASSOCIATED PRESS NIGHT REPORT.]
CHICAGO, Jan. 12.—Thomas Chivington was re-elected president of the American Association Baseball League late today. He also is secretary and treasurer of the association. His term of office was fixed at one year. William R. Armour of Toledo was made vice-president for the same period.
President Chivington was appointed a committee of one to draft a schedule of 168 games for next season, with the stipulation that the season start April 12, and that no double-headers be scheduled. Postponed games may be doubled later in the season, but none of these will be on the schedule.
He was instructed to arrange that teams make four trips around the circuit instead of three.

PROTECTION OF AEROPLANES.

Pacific Aero Club Presents Bill to Legislature Regulating Aviation in This State.

[ASSOCIATED PRESS NIGHT REPORT.]
SAN FRANCISCO, Jan. 12.—Legislation for the regulation and protection of aeroplanes was adopted by the Pacific Aero Club yesterday for submission to the State Legislature. One series of measures is designed to safeguard bird-men from exemplary damages for trespass. It is provided that, when they find it necessary to land on private property, they shall not be held liable for any thing but the actual damage they may do.
An amendment to the Penal Code is proposed making it a felony equivalent to attempted homicide to shoot at an aeroplane in flight.
Another bill provides for the licensing, registration and numbering of aeroplanes after the manner of automobiles. Under this law aeroplanes would be required to carry certain lights when flying at night.
One man was killed and seven injured in a mine explosion at Shady Point, Okla., Monday. News of the disaster was telegraphed here by the inspector at the mine.

AMOUS CASE OUT OF COURT.

BARBERS' SUIT IS ENDED BY SUPREME COURT.

Superior Courts Awarded Farmers Damages Aggregating Twenty Thousand Dollars Against Warehouse Concern, But Supreme Body Reverses and Case is Dismissed.

SANTA ANA, Jan. 12.—A dismissal stipulation today ended the suit of the barbers' association against the warehouse concern, the Southwest Warehouse Company. The suit was known here as the "barbers' suit" and was the subject of a decision of the Supreme Court several months ago.

The barbers' suit was brought by the barbers' association against the warehouse concern, the Southwest Warehouse Company. The suit was known here as the "barbers' suit" and was the subject of a decision of the Supreme Court several months ago.

Through the decision allowed a new trial, the bottom was knocked out of the suit. Not until today, however, was it dismissed.

WANTS HIS MONEY.

Suit was begun in the Superior Court this afternoon by Attorney S. S. Finley, against County Auditor C. D. Lester. It is a suit for \$10,000.

Finley, who is a well-known attorney, is suing Lester for the amount of \$10,000. The suit was brought by Finley on behalf of the county auditor, who claims that Lester has wrongfully withheld the money.

again, well filled with good, clean lima beans, the farmer will be credited with all bags that are so returned.

The purpose of the organization of the association was for the mutual benefit of the farmers who raise lima beans by the securing of a permanently good price and a stable market, the elimination of such speculative element as would tend to reduce prices in the handling of the product and lastly, giving the grower himself the advantage of any profit that might accrue from the association's system of work.

The association has now made good. It has shown the farmers that it can do just what it started out to do. It is on a basis that it can give the men who pool their beans the benefit of eliminating the middleman and the expense of a farmer counts on in the handling of his product. As time goes on and the organization becomes better perfected, it is proposed that other expenses will be cut.

ORANGE SHOW IS PLANNED.

MOUNTAIN COUNTRY WANTS TO SHOW WORLD THING OR TWO.

Ambition Is to Make It an Annual Event Which Will rival in Popularity Pasadena's Yearly Flower Show—Committee of Business Men Appointed for Scheme.

SAN BERNARDINO, Jan. 12.—Plans are forming for the holding of a grand orange exhibit here March 1. The Chamber of Commerce has the scheme in hand. It is proposed to make the exhibit an annual event, and advertise it extensively throughout the country. The ambition of the promoters is to give the exhibit a reputation equal to that of the Tournament of Roses, which annually lures to Pasadena from all over the country.

President Brison of the Chamber of Commerce has advised with the directors and others on the subject, meeting with favorable opinions. A. G. Kendall, president of the Farmers' Exchange National Bank, favors the project; J. H. Wilson, Judge F. P. Oster, R. C. Harrison and other prominent local men are enthusiastic and believe the plans now in hand will succeed.

San Bernardino leads all other counties of the State for its citrus fruits, the annual crop yielding several millions of dollars, and the acreage is annually increasing. It is for this reason, the county leaders of the world in oranges, that the county seat is to be selected as the center for the exhibit. Details have not been worked out, but the guarantee fund, it is believed, will be quickly raised.

In connection with the work of the Chamber of Commerce, President Brison has appointed the following chairmen of committees: Ways and Means, R. E. Swing; Membership, Herman Harris; Advertising and Statistics, Judge F. P. Oster; Reception and Entertainment, James H. Boyd; and Legislation, G. A. Atwood; Civic Improvement, L. H. Loftrop; Transportation, George M. Cooley; Manufacturing, C. M. Grow; Promotion, A. Horowitz; Building and Exhibit, J. L. Hattery.

FRIENDLY CONFERENCE.

The Tri-County Freight Bureau, in its conference with the traffic managers of the transcontinental railroads at Los Angeles, yesterday, did not meet with open acrimony as was expected. The conference was very friendly, the railroad men frankly explaining that nothing can be done for the interior towns by way of terminal freight rates to and from the East. The bureau managers will not appeal directly to the Interstate Commerce Commission, a complaint is now being drafted, which will be filed in time to obtain a hearing when the commission meets in Washington next month. In the last night news from the San Bernardino, Riverside and Imperial counties will join.

GREAT PAY ROLL.

The total pay roll for January at the Santa Fe shops will reach between \$125,000 to \$140,000, or at least \$15,000 in excess of any previous month in the history of the department. Between 620 and 700 men are daily employed in the shops. The traffic department also reports an unusually large volume of business and, in consequence, added increase in the pay roll.

PURILE PLEA.

R. M. Wilhite, wife deserter, who is charged with deserting his children, made an ineffectual effort today to secure release on a writ of habeas corpus, but failed. Judge Oster dismissing his petition and remanding him to the custody of the Sheriff. He raised the point that at the preliminary examination his wife testified that she had to work to provide for the children, hence she could not claim they were neglected or without provision.

SHACKLED TOURIST.

D. H. Akey, Ontario business man, went to San Quentin last night, shackled to a negro convict, to begin his term of 25 years for contributing to the delinquency of a minor child.

SPALDING MAKES A STATEMENT.

"WE PLAYED GAME AND LOST," SAYS SAN DIEGO SAGE.

States That He Would Rather Go Down a Loser Than to Gain a Senatorship With a Taint Upon the Title—Will Continue the Fight.

SAN DIEGO, Jan. 12.—[Exclusive Dispatch.] "We played the game and lost," was the greeting of A. G. Spalding to his many San Diego friends upon his return from Sacramento. Spalding, accompanied by Mayor Grant Conrad, Charles S. Hardy, Rufus Choate, John P. Forward, Jr., Col. Ed. Fletcher, Arthur Cosgrove and others, arrived on the evening train. A Republican committee with automobiles escorted the party to the U. S. Grant Hotel where, following dinner, a public reception was tendered. San Diego's defeated candidate in the United States Senate election, Spalding, said: "I am glad to be home again. I do not come as a conqueror here, nor do I come as a conquered knight. As I have already said, I am a sportsman enough to accept defeat gracefully. I would rather go down to ignominious defeat with the people of California, under their first direct primary law, than gain the United States Senatorship with a taint upon the title. No man may count himself a victor who has won by such means. I brought to him the support of so many loyal, steadfast friends as have stood by me in this campaign, I shall never forget them. I have nothing to say in the way of incrimination or recrimination. Under the Constitution of the United States the power to elect United States Senators rests with the Legislatures. I bow to the Constitution. Under the law of the State of California I was elected United States Senator in so far as the people could elect one. The people of California have no voice in the matter. I based my cause upon the law of the State. The Legislature simply repudiated their own law under which I had been chosen. Let us hope that other citizens will not follow their example in regard to the law."

"I shall feel that I am victor rather than victim of my failure to bring the Senate to the people. If it is to be so, shall result in arousing the people of California to a realization of the fact that they have something yet to do in the cause of the people. I have no regrets at this time they are not personal. I had hoped to do something for San Diego and other parts of the State. I wanted to see our harbor bettered, our rivers improved, our coast defenses strengthened, and I felt that I could accomplish something for my city and State along other lines. That duty now devolves upon another."

EAT JOB FOR SOMEONE.

The death of Supervisor John Griffin at his home in Oceanside this morning leaves a vacancy on the Board of Supervisors for Gov. Johnson to fill. Under the new salary law each Supervisor is paid \$150 a year. Griffin was elected for a four-year term. At the time of his election last November, he was seriously ill. However, he was able to be sworn in January 2, thereby qualifying for the full term. It was stated today in political circles that several Lincoln-Roosevelts have their petitions ready to be filed, and that they will be circulated as soon as Griffin's funeral is held.

SERGEANT CONY SUICIDES.

The body of Sgt. John Cony, of the 25th Company, Coast Artillery, was found near his home in San Diego, early this morning. The top of his head had been shot off. Nearby a shotgun was found. Suicide is the theory given by officers of the garrison. Sgt. Cony was a veteran of the Philippine campaign and was to be held Friday afternoon under the auspices of the Spanish War Veterans' Interment will be in the National Cemetery.

WILL FIGHT LAW.

Patrons of the public schools of San Diego are preparing to contest the State law making vaccination compulsory. As a beginning they are circulating petitions asking the Board of Education to ignore the law. The State Health Board that the law be enforced. The petitioners expect to present the matter when the School Board returns from its jaunt to the cities of the North. It is known that a majority of the members of the local School Board are inclined to defy the State Health Board. As the petition of the patrons for the law is a minor one, it will be heard by the school authorities which will need their request, which is expected to precipitate a clash with the State health authorities.

BLAMES CIGARETTES.

Cigarettes was the cause of the downfall of 16-year-old "Bob" Sawyer, a Los Angeles youth under arrest here, states his father, A. G. Sawyer. The youth was charged with the crime of stealing a bicycle belonging to a San Diego resident. As the boy was on probation in Los Angeles when his father was arrested, he was sent to the State Prison. The father says he will send the lad to Whittier.

LEGGE FINED.

George Legge, the El Cajon rancher, who several weeks ago, while intoxicated, ran down and seriously injured Mrs. Abby Baldwin with an automobile, was fined \$100 in Township Court. Legge was charged with speeding. He paid the fine.

RECEPTION TO NEWLYWEDS.

Los Angeles residents staying at the U. S. Grant Hotel secretly planned and executed a rousing reception for W. T. Marshall and his bride upon their arrival from the Angel City. At the railway station the reception committee showered rice and confetti upon the couple. The fact that Mr. Marshall and Mrs. Marshall were newlyweds was made known to the crowd by the appearance of old shoes, the clanging of cowbells and other clanking noises. The couple were kept up until the couple reached the hotel, where they will spend their honeymoon.

CONTRACTORS SUE FOR \$10,000.

A trial in Superior Court lasting four days in which F. E. Engstrom and James Collins of Los Angeles sued the Timken Investment Company, for \$10,000, came to a close today. The result will be known for some time as the court took the matter under advisement. The Timken Investment Company owns the eight-story Timken building, erected by Engstrom on a general

marble. This was done, the testimony shows, on advice of their superintendent of construction, on the grounds that the marble work was not according to specifications.

Because Judge Guy desired to be fully advised considerable expert testimony was introduced.

HELD FOR WIFE DESERTION.

Last October Walter Wilson, a clerk in a local store, married Mrs. Jennie Mason, of Enchilota. In Township Court at Wilson's trial on a charge of wife desertion the woman testified that she had been deserted by her husband since which time he has not contributed to her support. At the conclusion of the hearing Justice Bryan held that Wilson was subject to trial in Superior Court. The accused gave bond in the sum of \$25.

NEAL'S TRIAL BEGUN.

Walker Jones of South Pasadena is here as prosecuting witness against Victor Neal, whose trial on a charge of grand larceny was begun this morning in Superior Court. While on an invitation of the latter of the latter drinks. When Jones awakened in a lodging house his wallet with \$150 was gone. The police arrested Neal, who claimed, confessed. The trials of Neal and Mitchell and John H. Jones, charged with murdering Matthias Mau, are set for next Monday. Judge Lewis will hear these cases.

RIVERSIDE.

BUSINESS MEN TALK IT OVER.

ORGANIZATION HOLDS ANNUAL MEETING.

Directors Are Chosen for the New Year—Young Women's Christian Association Has a Big List of Members and Its Report for Year Is Excellent.

RIVERSIDE, Jan. 12.—Around the banquet table in the rectory of the Riverside Mission Inn last evening the Riverside Business Men's Association held its annual meeting, followed by toasts. Prof. A. N. Wheelock, city superintendent of schools, presided as toastmaster. Hugh H. Craig spoke on "The Welfare of a City." W. W. Wilder, president of the Butterick Publishing Company, gave an informal talk on "Riverside and the Tourists," and E. E. Koehne of Santa Ana, spoke on the subject, "Reforestation: Its Effect Upon Riverside Business."

At the conclusion of the addresses, President F. P. Younglove announced these directors elected for the coming year: H. K. Small & Sons, Fraxion Hardware Company, W. C. Moore, F. J. Beckman, J. W. Wilder, Riverside Milling and Fuel Company, George N. Reynolds, Newberry-Parker Company, Arkansas Housefurnishing Company, and C. H. Younglove.

RAPID GROWTH.

That the membership of the Young Women's Christian Association has reached a total of 855 was one of the facts brought out at the annual meeting and supper of the association, held at the Riverside Mission Inn last evening. The association, which has been in existence for twenty-five years, has grown from a small group of young women to a large organization. The association has been successful in its efforts to improve the lives of the young women of Riverside. The association has been successful in its efforts to improve the lives of the young women of Riverside.

HEMET.

HEMET, Jan. 12.—The Woman's Club of Hemet will hold its regular meeting Tuesday afternoon. The topic to be discussed will be that of securing a site for a public library. The Woman's Club has been foremost in the effort to secure a public library for Hemet, and it now appears as though their efforts will be successful. As Mr. Carnegie has promised a building for the library, the usual conditions are complied with.

PERRIS.

PERRIS, Jan. 12.—Harry Truax has sold the Van Dusen home place north of town to Frank Whitton. The consideration was \$500. This property consists of five acres and a four-room cottage. Mr. Whitton expects to set the place to eucalyptus trees.

INSURANCE RATE WAR.

(BY DIRECT WIRE TO THE TIMES.)

VISALIA, Jan. 12.—While the members of the Visalia Board of City Trustees have refused to allow the wet and dry issue to be placed on the ballots at the coming municipal election, which is to be held in April, the rate war between the insurance companies of the city is still in progress. The rate war is still in progress. The rate war is still in progress.

Kidneys are Regulated and Bladder Misery Vanishes.

A Few Doses of Pape's Diuretic Will Clean and Regulate Your Kidneys Ending Backache and Urinary Trouble—No Man or Woman Here or Old Can Afford to Neglect the Slightest Kidney Disorder for a Single Day.

No man or woman whose kidneys are disordered, or who suffers from backache or bladder misery, can afford to leave Pape's Diuretic untried. The time to cure kidney trouble is while it is only trouble—before it settles into Dropsy, Gravel, Diabetes or Bright's Disease.

The moment you suspect the slightest kidney or bladder disorder or feel a constant aching in the back, sides or loins or the urine is thick, cloudy, offensive or full of sediment, irregular of passage or attended by a sensation of scalding, begin taking Pape's Diuretic as directed, with the knowledge that there is no other medicine at any price, made anywhere else in the world, which will effect so thorough and prompt a cure.

Pape's Diuretic acts directly upon the kidneys, bladder and entire urinary system; cleanses, vitalizes and regulates these organs, ducts and glands and completes the cure within a few days.

After the first few doses there will be no lame, aching back or rheumatic twinges, prostatic trouble, nervousness, headache, sleeplessness, inflammation or puffy eyelids, dizziness, bilious stomach, tired, worried feeling or other miserable symptoms caused by clogged, sluggish kidneys. Uncontrollable urination (especially at night), smarting, discolored water and all bladder misery vanishes.

Your physician, pharmacist, banker or any mercantile agency will vouch for the responsibility of Pape, Thompson & Pape of Cincinnati, Ohio, who prepare Pape's Diuretic—50 cent treatment—sold by every druggist in the world.

Blithen of the Washington City Here and Talks About Conditions. Women of His State to Cast First Ballot in Recall Election to Be Held in Seattle.

C. B. Blithen, managing editor of the big Seattle Times, who has been one of the factors in making the great success of that paper, accompanied by Mrs. Blithen, who is a young man, in the full bloom of tremendous energy, has not been in Los Angeles in five years until the present visit. He says that when he was here five years ago, the city was a different place. He says that when he was here five years ago, the city was a different place.

"I am a true son of Seattle and think that we are world beaters in growth," said Mr. Blithen yesterday, "but I must make up my mind to stay here. I think that Los Angeles and Seattle are easily the leaders of the world. You seem to have the same justice and bustle that we have in Seattle. You have the most beautiful residential section of any city in the world, I think. I have spent two afternoons riding about in this district and I have been astounded at the wondrous beauty shown. It is not only the wealthy homes but the beauty of the small home is so great. The rough class home in Los Angeles is wonderfully beautiful."

"I am interested to see to which to select as the coming metropolis of the coast, Seattle or Los Angeles. I think that San Francisco and other cities of the coast are already beaten by both Seattle and Los Angeles. You will eventually have a great harbor here and then the last factor will be furnished by the complete development of Los Angeles as one of the greatest cities in the United States."

Mr. Blithen states that Seattle is at present trying to recall Mayor Gill. "The recall election has been brought about by personal animosity toward Mayor Gill on the part of wealthy residents who have taken umbrage at his actions. If it were not for the fact that the women of Washington will have their first opportunity to vote under the new suffrage act, I would not think that the recall would be defeated. Mayor Gill was elected by a tremendous majority and is very popular, but no one knows what the women will do with their first ballot. They may decide to support the Mayor and then they may decide to recall him."

"The ideal conditions which surround Los Angeles from a business and manufacturing standpoint make many of us in Seattle envious. We have heard of the fight put up by The Times and Los Angeles in general, which has resulted in the Free City, and we are proud that there is such a city on the Pacific Coast."

Mr. Blithen will remain in Los Angeles several days and will then proceed to San Diego and Coronado by automobile. He and Mrs. Blithen plan to tour the southern portion of the State in their machine, and will wind up at Santa Barbara where they will remain about one month.

RAILROADS' CAPITALIZATION CREATES FLURRY.

NEW YORK, Jan. 12.—The stock market today was unsettled for a whole day because of the announcement that the directors had proposed an increase of \$10,000,000 in the capitalization of the Pennsylvania Railroad.

Following the announcement, the stock of the Pennsylvania Railroad fell sharply, and the market for industrial shares was fairly well.
